chairman's address (Adair), 699
Analgesia (Roeder), 93
in labor considered from standpoints of medicine and psychology (Nielsen), 342
with barbituric acid derivatives and its relationship to sudden death in labor (Montgomery), 745
Androsterone-testosterone series, estrogenic action of compounds of (Deanesly and Parkes), 537 (Abst.)
Anemia, sickle cell, with pregnancy (Lewis), 667
Anesthesia (Roeder), 94
in gynecology, evipal soluble (Schmitz), 103
Anterior pituitary functions, impairment of, by follicular hormone (Zondek), 543 (Abst.)
hormones, standardization of (Collip), 1010
inhibitory effect of follicular hormone on, in human beings (Jones and MacGregor), 543 (Abst.)
Apoplexy, uterine (Gigon), 723 (Abst.)
treatment of retroplacental hemorrhage with (Cathala), 723 (Abst.)
Appendix, mucocele and myxoglobulosis of, and pseudomyxoma of peritoneum (Meyer and Rockstroh), 142 (Abst.)
Arrhenoblastoma of ovary (Ahumada and Calatroni), 538 (Abst.)
Aschheim-Zondek pregnancy test, evaluation of practical use of (Mull and Underwood), 850
reaction in extrauterine pregnancy (Morillo), 903 (Abst.)
Ascites and hydrothorax, fibroma of ovary with (Meigs and Cass), 249
Atresia, congenital, of esophagus with tracheo-esophageal fistula (Rosenthal), 646
of cervix, hematometra due to, following cauterization (Henkin), 520
of vagina, pregnancy at term complicated by (Ch'en), 868 (Abst.)
Autotransfusion with blood from large myomatous uteri (Wallingford), 869

B

Bandl ring, abnormal (Pendleton), 324
Barbituric acid compounds, on certain pharmacologic actions of newer (Gruber), 729
derivatives, analgesia with, and its relationship to sudden death in labor (Montgomery), 745
Bartholinian gland, tuberculosis of (Hersh), 521
Bilateral transplantation of ureters of female (Counseller), 234
